

Feedback

GeoGateway's feedback tab is designed for users to submit reports on a bug or feature, provide enhancement ideas or any suggestions, or report any other concerns pertaining to GeoGateway.

The image shows a screenshot of the GeoGateway Feedback Form with several instructional callouts in green boxes pointing to specific form elements:

- Navigate to the "Feedback" tab.** Points to the "Feedback" tab in the top navigation bar.
- Input email (optional).** Points to the "Email (Optional)" input field.
- Choose the report type. Users may also provide recommendations for the GeoGateway team by selecting "other."** Points to the "Report Type" section, which includes buttons for Bug, Feature, Enhancement, Other, and a text input field.
- Choose the tool or tab to file the report on** Points to the "Related Tool" section, which includes buttons for Map Tools, UAVSAR, GNSS, Seismicity, Nowcast, Magnitude, Disloc, Help, Other, and a text input field.
- Users should include a description on what they want to report.** Points to the "Description" input field.
- Include screenshots if need be.** Points to the "Screenshots" section, which includes a text input field and a file upload area.
- Left click on the blue box with the arrow to send in the report.** Points to the blue "Submit" button at the bottom of the form.

The form itself is titled "Bug Report Form" and includes a link to "Open form in separate window". It is powered by Qualtrics.
