

Acknowledgments

This user guide was prepared for the Seismological Society of America (SSA) workshop by the GeoGateway team. The workshop **Measuring Fault Parameters and Slip from Geodetic Imaging Data using GeoGateway Online Tools**, took place at the 2019 SSA Annual Meeting, in Seattle, Washington, on April 23, 2019.

The user guide was compiled by,
Megan Ani Mirkhanian (mmirkhan@uci.edu), University of California, Irvine

The workshop was prepared by instructors,
Andrea Donnellan (andrea.donnellan@jpl.nasa.gov), Jet Propulsion Laboratory
Lisa Grant Ludwig (lgrant@uci.edu), University of California, Irvine
Jay Parker (jay.w.parker@jpl.nasa.gov), Jet Propulsion Laboratory
John Rundle (john.b.rundle@gmail.com), University of California, Davis

Other GeoGateway contributing members,
Margaret T Glasscoe (margaret.t.glasscoe@jpl.nasa.gov), Jet Propulsion Laboratory
Robert A Granat (robert.a.granat@jpl.nasa.gov), Jet Propulsion Laboratory
Michael B Heflin (michael.b.heflin@jpl.nasa.gov), Jet Propulsion Laboratory
Marlon Pierce (marpierc@iu.edu), Indiana University
Jun Wang (wang208@iu.edu), Indiana University
